

## Medical Isolation Ward Tonga

We received a request to provide equipment and supplies to establish a 16-bed medical isolation ward at the Tupou College. The Donations In Kind Store West Footscray provided fantastic support and were able to supply most of the items requested. For more information on the goods shipped <https://rotarydik.org/tonga-disaster-initiative/>

The goods for this project and for the sickbay upgrades for the three Colleges are being stored at the Tupou College. The RAWCS Volunteer Team will assist with the distribution.
